STAT

Dear [redacted]

STAT

In reference to the questions you asked me while I was on TDY in Okinawa, I have read [redacted] 30 March letter which covers the same ground you and I discussed. I don't believe there is anything new I can add that his letter did not cover.

STAT

In regards to the training catalogue you mentioned, I inquired and was informed that due to certain restrictions the catalogue cannot be sent overseas. However, there is a new FBIS Handbook in the works that will include some training information which will be helpful. Until the new book is published, you can refer to FBIS Notice [redacted] on Development Profiles.

STAT

I enjoyed seeing you and thanks for everything you did to make my trip pleasant. Please convey my thanks to [redacted]

STAT

Sincerely,

STAT
